# Wasatch Mountain Mammal Checklist

Coyote (*Canis latrans*)

**Utah State Parks**

With 23,000 acres and varying levels of elevation (from 5,900 to over 10,000 feet) Wasatch Mountain State Park is home to a variety of mammals living in several different habitats such as wetlands, sagebrush, grasslands, meadows and alpine forests.

This checklist provides a list of mammals you might find while visiting the park.

Please remember to never disturb wildlife. View them from a safe distance for your safety and theirs. We hope you enjoy your visit to Wasatch Mountain State Park.
