**Extreme (solid double black line)** May be extremely steep and rocky with ledges and drop-offs, narrow switchbacks, steep grades and unbalanced trail surfaces. May be long stretches of some rock or deep sand on steep grades with extreme side-slopes. Some obstacles may not center most machines. Four-wheel drive is recommended. In some areas it may be necessary to walk machines over or have a second machine to assist. These routes require experienced riders with a full array of good riding skills. All users should consider their riding abilities and machine capabilities before attempting these routes.
