

## Island in the Sky, Snow Canyon State Park - GPS Coordinates

A permit is required to traverse Island in the Sky in Snow Canyon State Park. This is a highly technical overland route that requires a good head for heights, comfort with exposure, rope (120' minimum), harness, belay/rappel device, slings, and carabiners. A GPS unit with the coordinates listed below is also recommended. Know how to operate your equipment and exercise good common sense.

**Your safety is your responsibility.**
