Utahraptor State Park

Utah State Parks

History

In 2021, the Utah State Legislature created Utahraptor State Park, located roughly 15 miles northwest of Moab in Grand County. This new state park interprets the Dalton Wells Civilian Conservation Corps Camp (CCC), the Moab Citizen Isolation Center Historic Site, and protects important paleontological resources from the early Cretaceous period (125 million years ago). Utahraptor State Park is also a popular recreation spot that includes the Sovereign Trail System, a network of approximately 50 miles of motorized single and double track trails.

Camping

For overnight stays, the Modern Campground offers updated amenities and partial hookups, while the more basic Primitive Campground offers a more budget-friendly option.

Park Guidelines

Camping - Each camping pass covers one vehicle and attached recreational equipment per night. Camp only in designated areas with established fire rings and picnic tables. Do not create new campsites, creating new campsites can result in a citation.

Emergency - In case of an emergency, dial 911.

Fires - Campfires may be built in specified areas. Most developed campsites provide fire pits or grills. Collecting and gathering firewood within the park is prohibited.

Fireworks - Explosives, fireworks or firecrackers are prohibited.

Permits - A Special Use Permit is required for all special events and commercial or professional filming and photography.

Pets - Pets are allowed in Utah State Parks but must be on a maximum six-foot leash and under control at all times. Please clean up promptly after your pets.

Quiet Hours - 10pm - 7am

Trails - Stay on marked trails/roads; cross-country travel is not allowed. Be respectful of other users.

Wastewater - It is illegal to dump wastewater from campers or trailers onto the ground. Pit toilets are available near most camping areas. Primitive camping payment does not include dump station.

Your support allows us to care for and enhance this park.
